

2008 CITA Conference

7 & 8 May 2008, Porto, PORTUGAL

Win - Win Approaches to Vehicle Inspection

Future Initiatives Questionnaire

Ron Oliver
CITA Strategic Advisor

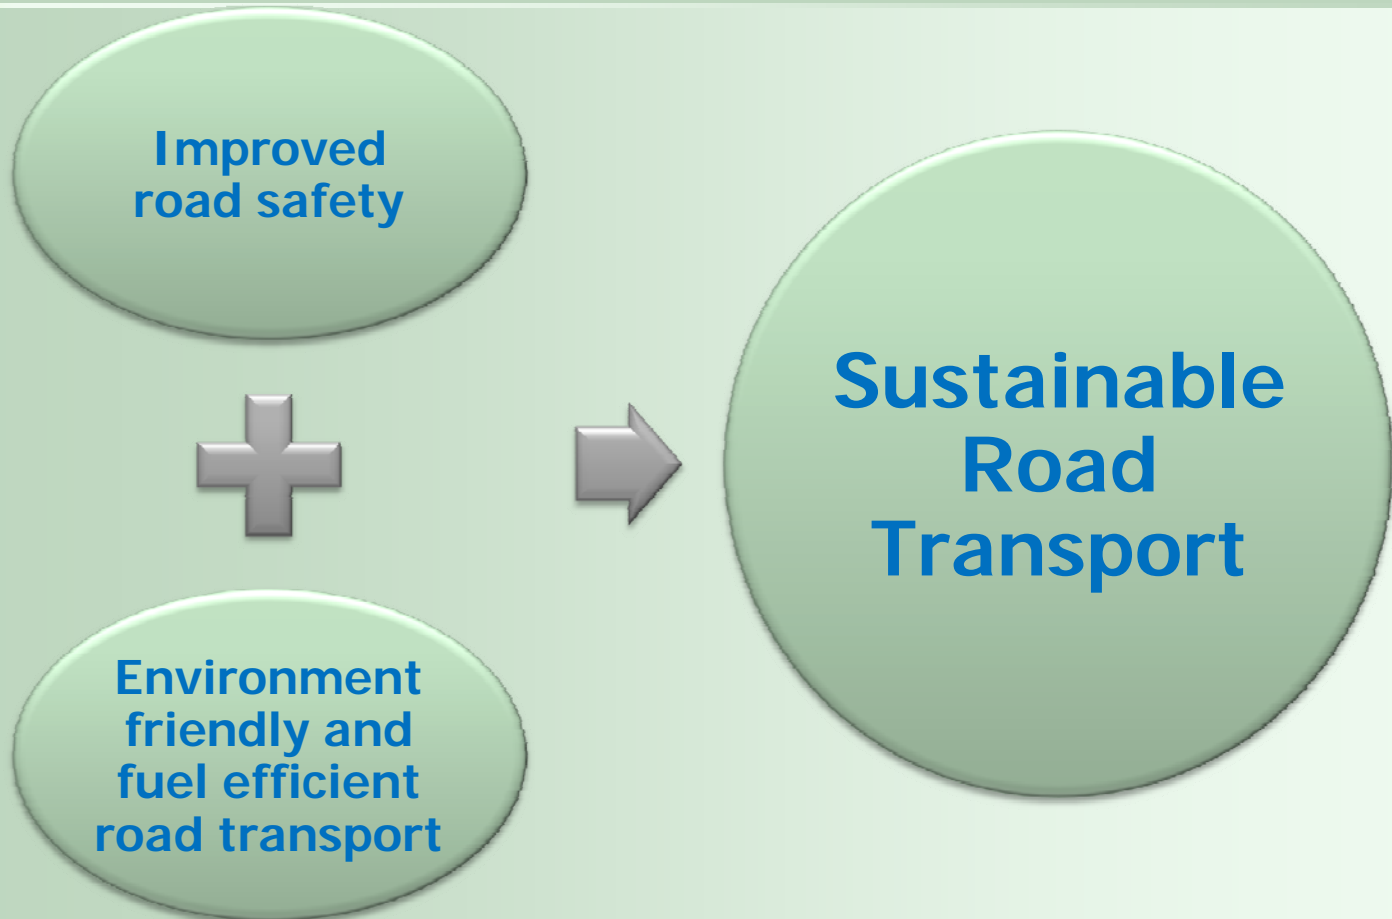

Future Initiatives Questionnaire

Introduction

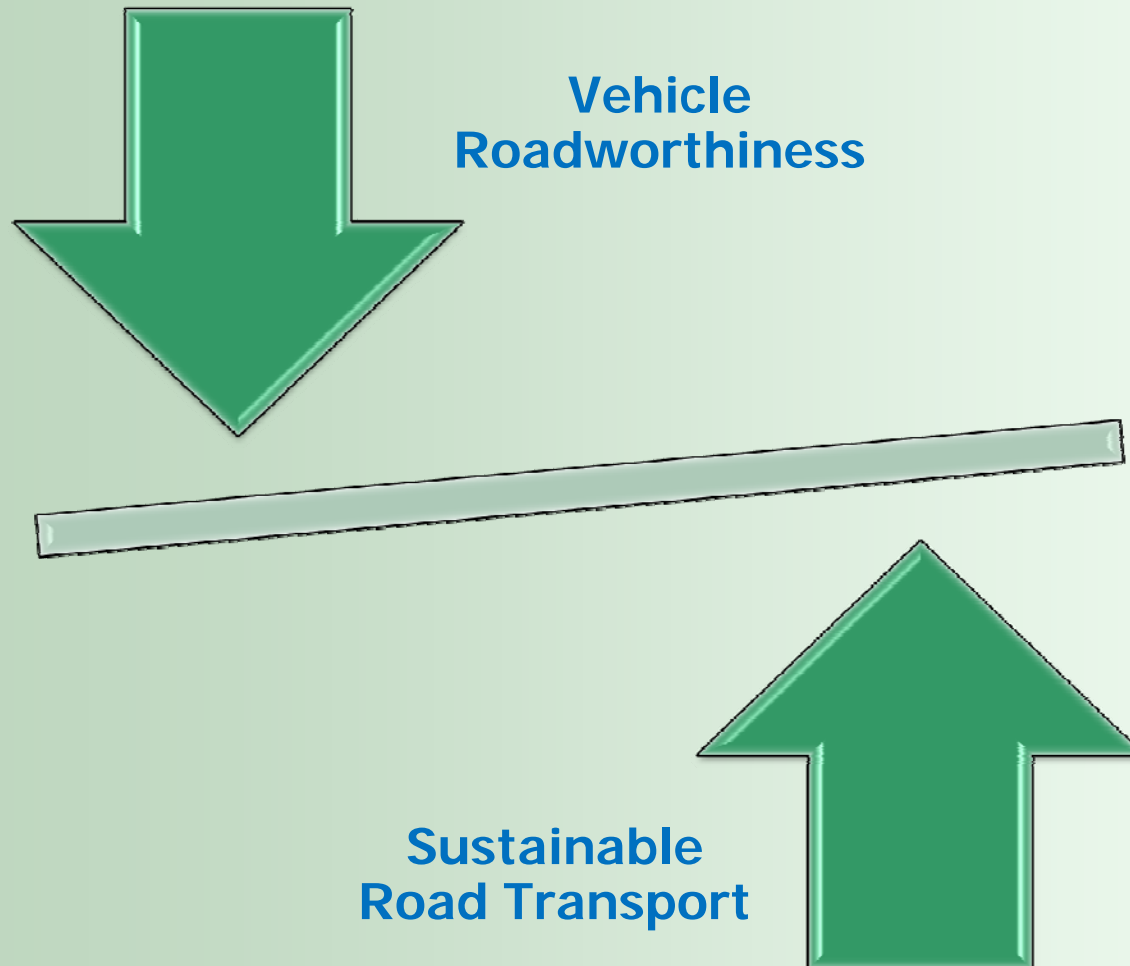

- **Aim of this presentation** is to introduce the Conference Questionnaire
- **Aim of the Questionnaire** is to seek delegate's views on the priority of future initiatives
- **The purpose of these future initiatives** is to encourage the development and adoption of Win-Win Approaches to Vehicle Inspection

Importance of having safe, environmentally friendly and fuel efficient vehicles

CITA

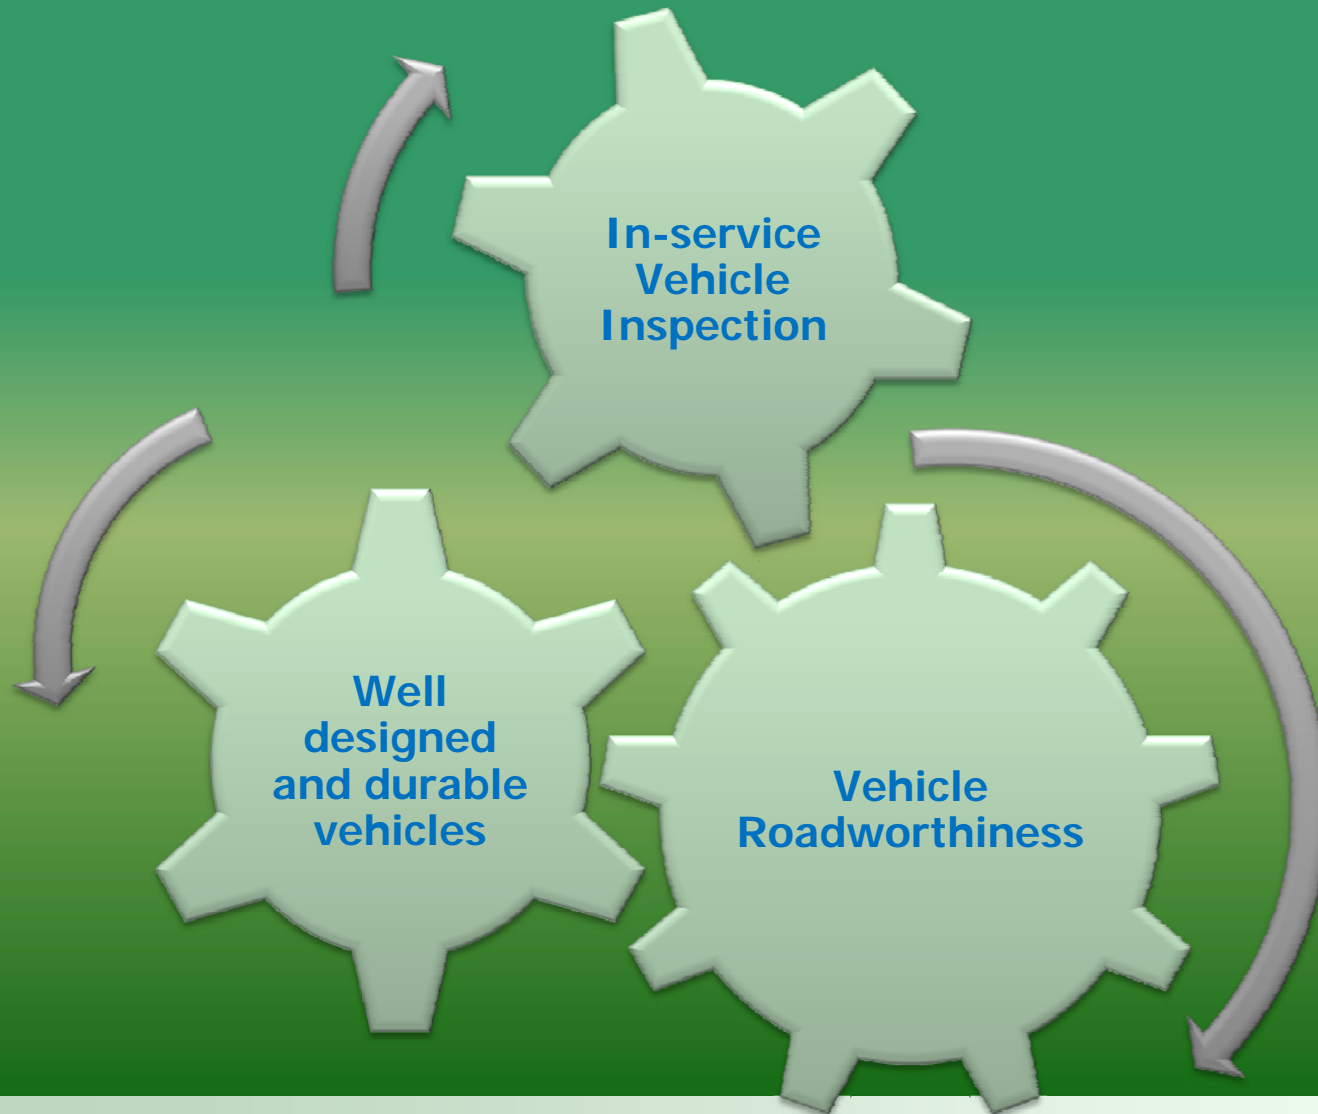

Key role of Vehicle Roadworthiness

Why “Win-Win Approaches” are important

CITA

CITA's Mission

CITA

**Shaping
the future for sustainable
Roadworthiness Inspection
& Enforcement**

**Contributing
to the social and economic
benefits of improved road
safety and environmental
friendly road transport**

CITA MISSION

CITA's aim is to play a leading role in shaping the future for sustainable Roadworthiness Inspection & Enforcement in all regions of the world, based on its conviction that effective in-service vehicle inspection is, and will remain, an essential element of all types of successful roadworthiness control regimes, thus contributing to the social and economic benefits of improved road safety and environmental friendly road transport

Taking forward future initiatives
