

## INTERNATIONAL MOTOR VEHICLE INSPECTION COMMITTEE

**Support to the statement of the Insurance, dealers, automotive aftermarket, leasing and consumers coalition regarding the regulatory framework for vehicle telematics to ensure fair competition, innovation and consumer choice**

Brussels, February 20<sup>th</sup>, 2017

CITA supports the statement issued on December 9<sup>th</sup>, 2016 by, the organizations ADPA, CECRA, EGEA, FIA, FIGIEGA, INSURANCE EUROPE and LEASEUROPE with the aim of ensuring the best framework for vehicle telematics:

***The undersigned call upon the European Institutions to create a robust regulatory framework for an interoperable, standardised, secure and safe digital in-vehicle telematics platform as intended by the eCall Mandate, to maintain true consumer choice, independent entrepreneurship, competition and innovation for all services “around the car”.***
