GENERAL PRESENTATION
CITA aims to enable our members to play an influential role in the development and implementation of policies for safe and sustainable road usage.

CITA provides the forums to create, assess and promote best practice, ensuring safe and compliant vehicles throughout their life-cycle.
5 PILLARS

**IMPARTIALITY**
fostering open discussions related to systems, solutions and unbiased methods

**BEST PRACTICE**
supporting appropriate recommendations and taking into account the local socio-economical reality

**AWARENESS**
providing the expertise of CITA’s members to the outside world and offering a platform to exchange and build knowledge

**KNOWLEDGE**
sharing to identify, seek out and disseminate expertise

**ENGAGEMENT**
by all members in CITA’s activities and initiatives
